

As a resident of Beaver, PA, K-LOVE makes uplifting Christian music available online 24 hrs a day, 7 days a week. This is very important to me, as it is a way of keeping God's Word before me whenever I am working on or have access to a computer.

This type of programming is vital to the community at large, not just the Christian community. Many individuals are transformed by the encouragement offered by K-LOVE. That's why I believe it is in the public interest to keep K-LOVE in it's current format.

Thank you.
